	Installed Total GST incl.*	Solar Neighbourhoods Rebate	EcoEnergy Rebate	Home Renovation Tax Credit	PST Rebate
Solar Boiler 2 Collectors Flat Roof	\$12,745.16	-\$1,000.00	-\$2,500.00	-\$1,350.00	-\$364.15
				Net Cost*	\$7,531.02

* Note: Base prices. Includes turn-key installation of a standard Thermo Dynamics Solar Boiler system by a CANSIA certified solar thermal installation professional, installation of RP backflow preventer, building permit application, inspection and backflow preventer test report.

*SolarOntario may offer RISEAgain subscribers a discount of either 5% of 10% on the materials only included in the base price, depending upon the number of systems sold under the RISEAgain program by the deadline. See Ourpower.ca for details and updates.

*Depending upon the specific site conditions at the installation site, there may be additional costs for components (typically plumbing) and additional labour. These costs will be quantified at the time of the site visit and firm quotation by SolarOntario, and included in the final sales contract.
